C O N T A C T S

PRESENTATION
Bachelor's degree in Statistics. My choice fell on Statistics following the recognition of my logical-mathematical abilities and my enthusiasm in conveying relevant messages through quantitative and unambiguous tools even in informal contexts.

Rome

Native Italian speaker
English: C1
German: B2
Spanish: B1

Computer/Digital Skills

Python – R – Markdown – GGPlot2 - Latex - Excel - Java – Cyplex – SQL - Excel -MatLab – SAS – Unix – Linux

Professional Objective
I would like to grow professionally in the field of study I have chosen, through stimulating experiences and being able to apply the knowledge gained in a work context.

Interests

My curiosity is not limited to the scientific field but also extends to languages, particularly German, and sports activities. Through competitive volleyball, which also saw me as a captain for a year, I was able to gain experience as an assistant coach.

Rome, 8 May 2024

MARINA ZANONI
